## Attention Caregivers

I watched helpless as my mother plunged  
into the pits of dementia hell..

If you are a caregiver,  
caring for a loved one,  
you will feel those words,  
like a hard slap in the face..

There was no resource to help.  
No service to ease the burden..

It was assisted living  
Nursing homes  
Or home care hell

This is why Sage Owls was created.

Remember,  
You are not helpless  
I know because I was where you are now.

Caregivers understand caregivers.  
I urge you,  
Do Not Wait.
